Many Shopmen Still on Strike in Chicago District, Says Late Report.

Thousands Returning in Various Parts of the Country.

(By Associated Press.)

Chicago, August 12.—While only a few of the striking federated railway shopmen in the Chicago district have returned to work, railroad officials were optimistic today over prospects of an early return of workmen to their places, pending a settlement of their wage demands or the result of a strike vote for which ballots have been distributed.

The striking shopmen near this city appeared to be firm in their determination to hold out against instructions of the international officers and the appeal of President Wilson, but from many other parts of the country reports came that thousands of men had already gone back to work or would return today.

Hungarian Situation to be Allowed to Drift for Present

(By Associated Press.)

Paris, August 12.—The peace conference, it was apparent today, will take no further action in the Hungarian situation until the Inter-Allied Military Mission which has been sent to Budapest makes its report. Brigadier General Banholtz, the American representative on the mission, reached the Hungarian capital Monday, the American peace delegation was advised today.

The general has not yet been able to send a report on the situation in Budapest.

Legal Advisor Tells Committee How the Pact was Drawn

(By Associated Press.)

Washington, August 12.—The plan for a league of nations used as a basis of discussion at Versailles was not any of the drafts submitted by the United States, Great Britain, France or Italy, but was a combination of all of them, the Senate Foreign Relations Committee was told today by David H. Miller, legal advisor to the league of nations commission at Versailles.

LOCAL ISSUES

Senate Agricultural Committee Approves Demands of Farmer Organizations.

Senate Committee Thinks Grave Injustice Being Done to the Farmers.

(By Associated Press.)

Washington, August 12.—demands that changes be made in government wheat standards under the price guarantee act "so as not to penalize every grower of wheat" were made in a statement prepared by Chairman Gowna and representatives of farm organizations, and approved by the Senate Agricultural Committee.

Chairman Gowna announced a committee would be named to present the demands to Julius H. Barnes, president of the United States Grain Corporation and representatives of the Department of Agriculture in the hope of having modified various government regulations by which it was charged "the producers are defrauded and the consumers receive no benefit."

In the statement designed to give the farmers' side of the high cost of living, the Senate Committee said it believed grave injustice was being done the farmer and might "continue to accumulate and seriously injure not only agriculture but the entire nation as well."

"While entirely sympathetic with the hardships present prices cause the people" said the statement, "farmers individually and through their organizations are no less concerned with their own economic situation."

Mr. Barnes, of the United States Grain Corporation, openly states his policy to resell wheat, curtail our foreign shipments and use the resale with which to help control the domestic market price against further advances. The result of such policy together with a system of grades and standards has been to reduce materially the farmer's income and to deny him access to a free market where he can secure actual cost of production."

OHIO ELECTRIC
STRIKE IS NEAR

(By Associated Press.)

Springfield, O., August 12.—Five hundred Ohio Electric trainmen will walk out Thursday morning unless the officials of the company recede from their attitude in refusing to grant the men's demands for an increased wage scale.

SUGAR PRICE

"FAIR PRICE"

Federal Agent Fixes Price in Chicago at 12 Cents to the Retailer.

(By Associated Press.)

Chicago, August 12.—Henry B. Roloph, in charge of the Federal Food Administration's sugar bureau today set 12 cents a pound as a fair price of the commodity to the consumer. He declared that any retail price over this figure was outrageous profiteering.

FEW AUTOS OR TRUCKS TO HELP BERLIN DURING CAR STRIKE

View of the Potsdamer Platz, Berlin, during recent trolley strike.

This picture offers striking evidence of the scarcity of automobiles and trucks in the German capital. It was taken during the

recent trolley strike in Berlin. Had there been a similar strike in any great American city, not a horse-drawn vehicle would be in sight, and the street would be

crowded with autos and trucks. On the outbreak of the war there were only 69,000 automobiles in all Germany, and there are doubtless fewer today.

Bank in Operation and No Run is Threatened by Depositors

(By Associated Press.)

Lorain, O., August 12.—State Bank Examiners and the Board of Directors of the City Bank issued a statement at noon today that a shortage of \$100,000 has been found in the bank's accounts and that W. W. Treble, of Lorain, assistant cashier, has absconded.

The officials of the bank declare the depositors are amply protected by the bank's resources.

There was no run on the bank, only a few depositors withdrawing their money.

The capital stock of the City Bank is \$100,000, fully paid in. Surplus and profits were \$55,900, according to the last reports and deposits \$1,900,650.

IS NEW CHIEF OF U. S.
NAVIGATION BUREAU

Rear Admiral Thomas Washington has been appointed by Secretary of Navy Daniels as chief of the bureau of navigation, U. S. navy, to succeed Rear Admiral Victor Blue who retired because of ill health. Like his predecessor, Admiral Washington is a native of North Carolina, and was graduated from the Naval Academy in 1887. He has been service in every branch of naval affairs, and was with the British fleet during the war. More recently he was in command of Division No. 4 of the Atlantic fleet.

CHICAGO FOOD
PRICES FALLING
DUE TO PROBE

(By Associated Press.)

Chicago, August 12.—Concerted attacks by state, federal and municipal officials today resulted in lower prices of many articles of produce.

It was the first definite benefit to result from the attack on food profiteers and hoarders.

With the decrease there came a substantial increase in receipts of various articles of food.

It was said producers were rushing shipments to market in fear of further reductions of prices in the near future and large quantities of supplies were being taken out of cold storage warehouses and offered for sale.

Union Chief Insist Effort Made to Defeat Federal Ownership

(By Associated Press.)

Washington, August 12.—A. B. Garretson, former head of the Order of Railway Conductors, told the House Interstate Commerce Committee today that operating officials in charge of railroads during government control were actuated by the one desire of demonstrating that government ownership was not best for the country.

Every effort, he said, was made to convince the people that private management was best.

TO REDUCE PRICE OF THE ARMY FOODS

150,000 Pounds of Pork in Columbus Passed Into Hands of Receivers.

(By Associated Press.)

Washington, August 12.—Problems of the high cost of living continue to absorb the chief attention of Congress and government authorities. While Congress went ahead with administration of various bills and suggestions for legislative relief, Attorney General Palmer continued negotiations with representatives of his department and agents throughout the country for co-operation to bring about lower prices.

Incident with announcement of the War Department that prices of army food would be readjusted from time to time to conform to reductions in the retail market, which was taken here as an indication that retail dealers already were beginning to feel the effects of the government action in placing the great quantities of stores on the market, it was announced last night the War Department would offer to the public 2,000,000 surplus army blankets.

PORK IN HANDS
OF A RECEIVER

(By Associated Press.)

Columbus, O., August 12.—Seizure of 150,000 pounds of pork owned by the Columbus Packing Company on orders of Judge Duncan of the Common Pleas Court, was upheld by the Appellate Court in a decision handed down today.

The pork now is in the hands of a receiver.

PLUMB MAKES
MORE CHARGES

(By Associated Press.)

Washington, August 12.—Charges that eighteen representative railroads operating in the United States gave away stock bonuses aggregating \$450,414,000 from 1900 to 1910 and have paid millions in dividends on these bonuses were made before the House Interstate Commerce Committee by Glenn E. Plumb, of Chicago, author of the Plumb plan for tripartite control of the railroads.

TO PLANT TREES IN CAMP SHERMAN

It is reported that plans for the permanent beautification of Camp Sherman have been drawn up and the work will be started in a short time. Garden plots, grass and flower beds will be made, while each of the main streets of the camp will be converted into shady boulevards. Silver maples, walnuts, oaks and catalpas will be set out at various points by the camp administration.

If the present plans are carried out as scheduled as they doubtless will be, the camp will become one of the beauty spots of the state.

The exclusive FEDERAL feature of scientific reinforcement is generally acknowledged to be one of the greatest improvements ever made in automobile tire manufacturing. This feature is the "double cable base" construction, which makes the tire strongest at the most vital point—next to the rim. But FEDERAL superiority does not stop there. They contain only the very best of materials throughout and each and every one is fully and amply guaranteed. Then, too, these prices we quote here make them doubly desirable. Buy one Federal; you'll soon have four. The real cost of tires is the cost per mile of service delivered, and figuring on this basis, of 6,000 miles guaranteed, they are very reasonable indeed. Come in while attending the fair and learn more about how to keep down your tire expense. You can do it with FEDERAL S.

TWO DIVORCE ACTIONS FILED

Keeping pace or abreast of the number of marriage licenses issued from the Probate Court in this county, the number of actions for divorce filed in the two courts has shown no indication of decreasing.

Two new actions for divorce have been filed in the common pleas court, the first being that of Nannie Sheridan against Samuel Sheridan, in which the plaintiff is charged with cruelty. The marriage occurred November 27, 1901, and plaintiff states that because of cruelty she left the defendant twice, returning once upon promise of better treatment. Alimony and divorce are asked. Rankin and Rankin represent the plaintiff.

The second case is that of Loia Garringer against Homer R. Garringer, in which the plaintiff charges extreme cruelty, citing many instances of such cruelty and asks for divorce, alimony, and that defendant be restrained from disposing of certain property. The restraining order was granted by the court. Their marriage occurred April 21, 1917. Gregg, Patton and Gregg represent the plaintiff.

PAINFULLY HURT BY STEEL SPLINTER

While assisting in the repair of a threshing separator on his farm north of Bloomingburg Tuesday morning Lee Rodgers was painfully injured when a section of steel broke from the part being hammered, and struck him above the left eye, burying itself in the flesh and sticking fast to the bone.

Mr. Rodgers was brought to this city and an operation was necessary to remove the splinter of steel. Had the splinter struck him just a little lower the eye would have been destroyed.

SEVERAL CHANGES ARE INCLUDED IN STATE GAME LAWS

Chief Warden A. C. Baxter, of Columbus, has issued a letter on the game laws, which says in part:

"You will note that the open season on squirrel, under the new law, will be from August 20th to September 20th. The fact, however, that the bill will not become a law until September 3rd, the open season on squirrel will be from September 3rd to September 20th, both dates inclusive."

Local game protectors will make a special effort to apprehend all offenders and it would be well for hunters to be sure that they were within the law before they take up their shooting iron and try their hand.

Following is a condensed summary of the New Game Laws of Ohio.

Rabbits—Open season, November 15 to January 1, inclusive. Landowners or tenants may kill at any time, Sundays excepted, rabbits that are found doing actual damage. Limit per day 10 rabbits. Night hunting forbidden. Sale permitted, but hunting with ferrets forbidden.

Squirrels—Open season from August 12th to September 20, inclusive. Limit per day five. Sale at any time forbidden.

Raccoon, Skunk and Opossum—Open season from November 1st to February 1st, inclusive.

Muskrat—Open season December 1st to March 1st, inclusive.

Fox—Open season October 2nd to January 1st, inclusive.

Groundhog; any time—No digging out, smoking out, drowning out, etc. allowed.

Turtle shooting forbidden.

Ruffed Grouse, Hungarian Partridge, Pheasants—Open season November 15th, to November 25th, inclusive. Limit; cock pheasants only

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Ete is eliminated and there is a cheerful absence of any unpleasant cigarette after-taste or any unpleasant cigarette odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. No matter how liberally you smoke Camels they will not tire your taste!

More and more silver things appear on dinner tables every day, and few dishes can be more economical in the long run. Silver does not break easily! And the Sheffield plate, so-called, is not expensive.

At a dinner recently there were bread and butter dishes of plated silver, and besides them tiny sterling silver butter dishes. The use of the two together was unnecessary, but must be correct for the hostess is very good form. The bread dishes cost \$2.50 apiece, and the little silver rounds \$1 apiece.

Meat and vegetables were served on Sheffield dishes, and these cost from \$6.50 apiece up. Good china things cost as much—and are chipable. The dinner plates were pewter, heirlooms of the family, that had been plated with silver. But if one does not inherit pewter one can hunt through antique shops and pick it up! Six pewter plates with one platter brought \$25 at an auction sale recently.

The fine glass finger bowls with their glass plate beneath were served on Sheffield silver plates that were slightly larger than the bread and butter plates. These had cost \$3.50 apiece, and were most effective for the dessert course.

The writer figured up how much it would cost her to be so elegant. With-out the silver dinner plates and the sterling silver butter plates—the combination, she thinks, is a good excuse for Bolshevism—she could have a platter for \$12, one vegetable covered dish for \$12, its cover making a second vegetable dish, and four bread and butter plates for \$10.

One of the June brides took back all her cut glass wedding presents and most of the frivolous, breakable dishes given her and got silver candle-

sticks and Sheffield plate for the dining table.

The silver bread and butter plates can be used again when desert is served. Ice creams and all kinds of puddings look lovely on them—New York Sun.

Anna Lee Taylor celebrated her twelfth birthday with a beautiful party Monday afternoon, entertaining the girls of her Sunday School class and a few other friends.

The large country home, with its inviting shady lawn and conveniently near town, provided a very attractive place for an afternoon of merry play. Besides all kinds of games there were a peanut hunt and guessing contest, Jean Michaels winning both prizes, dainty crepe de chine handkerchiefs.

A blue and white color scheme was effectively used in the rooms and the young hostess made a pretty picture as she greeted her guests in an airy frock of pale blue organdie, with blue sash and hair bows.

The children were invited to the dining room to find a most tempting luncheon in waiting. The color scheme was carried out prettily and from the center of the table rose a big white birthday cake, on which burned twelve candles. The favors were little white and blue baskets filled with candies.

Mrs. Jerome Taylor was assisted in entertaining her daughter's guests by Misses Pauline, Georgia and Nelle Taylor.

A number of birthday gifts will be happy reminders of the day.

The guest were Mrs. Jess Feagins, teacher of the class, Mrs. N. A. Taylor, Mrs. T. W. McFadden, Mary Belle Draise of Mt. Sterling, Virginia Evans of Columbus; Genevieve Price, Helen Sunkle, Marjorie Sparks, Charlene Mark, Amelia Pensyl, Jean Worthington; Helen Hutson, Elizabeth Bennett, Jane Stewart, Jean Michaels, Wanita Gerstner.

HUNS WOULD CULTIVATE JAPAN URGE FRIENDSHIP

(By Associated Press.)
Berlin, August 12.—Count von Reventlow, editor of The Tages Zeitung, takes issue with Count von Bernstorff, formerly ambassador to America, over the suggestion of Von Bernstorff that Germany should cultivate a pro-American policy or friendly relations with America. Instead the editor favors Japan.

HAD CONDUCTED CONSTANT WARFARE

Mexico City, July 10.—Luis Gutierrez, former general in command of military operations in Chihuahua, has surrendered to the government commander at Villa Santiago, Nuevo Leon and has been taken to Monterey according to statements given out here by the War Department and to press dispatches from Saitillo, Guzman, revolted in December, 1917, and since that time has been carrying on a desultory warfare against the government in various northern states. Rafael Buelna, a former Villa general, who has been in Havana, has returned after securing amnesty.

One of the strangest things in this world is how soon a man gets tired when he starts to pay a few bills around town.

Service for All Makes of Batteries

Much of your ignition trouble may be right in your battery, and you may be blaming your motor for battery faults. Our sole business is batteries, so you run no risk when you stop here.

Some Good Battery Habits

All users know that it is necessary to add water often enough to keep the water above the plates in their starting and lighting battery, but there are other things just as necessary.

Form a habit of stopping at our plant and have your battery tested, have water added, have the connections looked after; let us look at the covers, and a number of other little details that help to lengthen the life of any battery.

Y. M. C. A. BOARD TO HOLD MEETING

The Board of Directors of the Y. M. C. A. will meet at 7:30 Tuesday evening at the "Y". Several business issues will be presented, it is understood and a full attendance is desired.

PRIMARY VOTE IS VERY LIGHT

Indications shortly after noon, Tuesday, were that the primary vote in this city would be one of the lightest ever cast, no particular interest being manifested in the various offices, and comparatively few of the voters taking the time to indicate their choice among the candidates.

There being no contest between the head of the Republican and Democratic tickets, and only two or three contests for nomination for other offices, the interest was very slight.

It was expected that a few hundred votes at most would be cast during the day.

15 DEEP-SEA WONDERS!

The Deep Sea Show has one of the most remarkable collections of deep sea fish and animals ever exhibited in any inland city in this country. This collection has been gathered together from all parts of the Pacific Coast at great expense. The prize beauty of this whole collection is

A GIANT DEEP-SEA TURTLE

which at the time of capture weighed 1745 pounds—nearly a ton. Measuring nine feet across this turtle is quite different from anything ever seen here. It lives only in deep portions of the sea and has no legs, but flippers, and with its 18-inch mouth captures and devours very large fish. He was captured by Captain Domer, who was in charge of a large fishing launch, wearing out his own strength after a battle lasting eight hours. This monster is mounted in a most life-like manner.

AN OTHER PRIZE IS A REAL MAN-EATING SHARK

The Shark's eyes are on flippers which extend out 10 to 14 inches from its head, allowing it to gaze in any direction. Two double rows of cruelly sharp teeth show it would be easy for him to tear a man to pieces.

In this same collection there are shark eggs, Octopus and Octopus spawn. Sea fern, sea pen, jelly fish, Stingray sea pigs and coils from the coil reefs and others, fifteen in all.

DISPLAY ON THE FAIR GROUNDS

WILLIAM ASHTON, Prop.

WEDNESDAY FIRST DAY OF THE FAIR

All day Tuesday the Fayette county fair grounds presented a scene of unusual activity as the various tented attractions, machinery, automobile and other exhibits were getting into place and preparations for the fair were pushed generally.

The weather man promises fair weather for the opening day, and it is expected that the Wednesday crowd will be a good one, with a monster crowd on Thursday and another large one on Friday.

The racing programs for Thursday and Friday are full and some exceptionally good speed contests are in prospect.

EXPECT PAVING BEFORE WINTER

If there is no delay in legislation and plans are carried out promptly, as there is reason to believe will be the case, the paving, or resurfacing of the up-town streets will be completed by cold weather, it is announced by those in touch with the matter.

This information will be welcome news to all interested in the improvement, as it means smooth and attractive up-town streets that will be inviting to everyone, and the noise of steel tired vehicles passing over the streets will be lessened by 90 percent

TWO EAST STREET PROPERTIES SELL

Judge Joseph Hidy has purchased of Mrs. Myrtle McCrea her residence property on East street, and will take possession in September.

Valentine Hoppes, also residing on East street, has disposed of his property to John Craig, residing on the Jeffersonville pike, who will move to the property this fall.

HOUSE DAMAGED

Fire, believed to have been started by children playing about a house owned by Peter L. Rodgers, on Willard street, damaged the rear part of the structure somewhat about 2:35 Tuesday afternoon.

OLD HIGH COST HITS MEXICO

(By Associated Press)
Mexico City, August 12.—In the past nine years the cost of living in Mexico has shown an average increase of 212 percent, according to figures re-

cently made public by the Department of Industry, Labor and Commerce. Several staples have greatly increased. Lard has advanced 525 percent in price; sugar 233 percent and eggs 266 percent.

Woolen fabrics now cost 471 percent more than in 1910; cotton goods 300 percent more and shoes 166 percent more. House rents have increased 140 percent, trolley fares 66 percent and railroad fares 20 percent. Natives' shoes cost \$4.50 a pair in 1910. Today they are \$12.00 a pair.

RAILROADERS TO MEET IN CLEVELAND

(By Associated Press)
Cleveland, O., August 11.—Three hundred local chairman of the Brotherhood of Locomotive Firemen and Engineers will met here tomorrow for the purpose of making a request on the railroad Administration for further increases in wages of more than a hundred thousand firemen and hostlers on all federal controlled railroads in the United States and all non-federal controlled roads in the United States and Canada, it was learned today.

REPORTED LENINE PLANS TO RETIRE

(By Associated Press)
Copenhagen, August 11.—Premier Lenine, it is rumored, intends to retire from the head of the Bolshevik Government, according to dispatches from Helsingfors quoting Russian reports.

Strikes are reported to be raging everywhere in Bolshevik controlled territory. One hundred and fifty strike leaders were said to have been executed.

POLISH TROOPERS CAPTURE MINSK

(By Associated Press)
London, August 11.—Polish forces entered Minsk, capital of the Russian province of the same name, last Friday, after a fortnight of heavy fighting, according to an official statement issued by the War Department to night.

Ascertaining what become of money loaned to Russia will test the capacities of the most patent investigators.

CHEVROLET!

GARRETSON SAYS CONGRESS CAN ALLAY UNREST

(By Associated Press.)

Washington, August 11.—Nineth-tenths of the energies of labor leaders are given to the job of sitting on the lid, Austin G. Garretson, former head of the Order of railway conductors, testified today before the House Inter-State Commerce Committee, which is seeking to solve the problem of how best to handle the railroads after the maritime period of federal control.

Sporadic strikes throughout the country, Garretson said, with great

earnestness, merely are straws which show how the wind is blowing over a sea of industrial unrest.

Rumblings heard in many quarters do not mean, he said, that laboring people want to overthrow the government, but indicate a demand that the government function. It is largely in the power of Congress, the witness declared, to allay the feeling, "but it can not be done by inaction," he shouted.

MUTINEERS ARE PUT TO DEATH

(By Associated Press)

El Paso, Texas, August 11.—Fifteen leaders of the conspiracy to cause a mutiny in the Chihuahua City federal garrison last week, and to deliver the city over to General Villa, were executed following the discovery of the plot, according to an American who arrived here today from Mexico.

PESKY BED BUGS

A MILLION BEDBUGS. Just think, a 35c package of the new golden chemical P. D. Q. (Pesky Devils' Quietus) is enough to make a quart and enough to kill a million bedbugs, no matter how large they may be or where they came from, their age, color or sex, and at the same time leaves a coating on their eggs and prevents hatching.

CUT THIS OUT. This new chemical can be had at any first-class drug store. A 35c package makes a quart of P. D. Q., and will go farther than a barrel of old-fashioned bug killer. Don't let anybody impose upon your intelligence by offering you something else. Insist on what you ask for, then you'll have what doctors prescribe.

KILLS FLEAS ON DOGS. It's fun to see the fleas drop off your pet dog.

KILLS CHICKEN LICE. No use for your chickens to have lice. A 35c package mixed makes a gallon of chicken lice killer.

Your druggist has it, or can get it for you.

TICKET DEMAND FOR CHAUTAUQUA

The demand for tickets for the Chautauqua which opens in this city Friday of this week, is on the increase and it is expected by the committee in charge that the advance sales will be most gratifying.

Within the next day or two the big tent will be in place on the north side of the High School grounds, and everything will be ready for the big annual event which for several years past has been drawing crowds of increasing size and pleasing the large audiences.

A complete line of talent not previously appearing here composes the offering this year, the big feature of the program will be the "Seven Keys to Baldpate" which will be presented on the fifth evening.

The work of erecting the light stand that it is expected to please everyone.

The work of erect the light standards at the north entrance of the High School building, where the entrance to the Chautauqua tent will be located, is progressing rapidly, and the standards will be ready for use by the opening day of the Chautauqua.

TO BRING SOME REAL FAST ONES

Little Dick Collopy has sent word to Manager Noon of the Athletics that he will have a new short-stop in the game Sunday. McDuff, who has played for Roanoke in the Virginia State League, will hold down the short position for the Springfield All-Stars.

Koontz, with the Fall River club, Mass., in 1917-18 will twirl for the visitors.

It is announced by the local management that Captain Stark of Camp Sherman, who has performed in so capable a manner in the Wilmington games, will be secured as umpire for Sunday, if possible. Captain Stark will be signed up for the remainder of the season if present plans are carried out.

POOR PLACE FOR STREET FAKERS

Mayor Dahl has placed the ban on the street fakers who usually ply their trades on the street during fair week, according to announcement made Tuesday morning.

A great many of this tribe, who depend upon their ability to hoodwink the never-ending supply of "suckers" have applied for permission to use the streets, but in every instance, it is announced, license has been refused them, and they are passing on to the next town where they find more "suckers" among town officials and are allowed to ply their trade.

An example of "scientific faking" came to the attention of the local authorities a few nights ago when a smooth faker walked out of town with his pockets filled with money from the more gullible of big crowd that had surrounded him throughout the evening.

NOTICE

The Loyal Daughters Class of the Church of Christ will hold their monthly business meeting Tuesday evening at the home of Miss Mary Robinson on Broadway. Every member is urged to be present.

NEW HEAD CHOSEN AT BLOOMINGBURG

At a meeting of the Bloomingburg Board of Education on Monday Sherman O. Liming of Cedarville was employed as superintendent of the Bloomingburg village schools for the coming year.

Superintendent Liming is highly recommended and is expected to fill his position in a very capable manner.

CRAP SHOOTERS MAKE GETAWAY

Sheriff N. R. Hall was called to Logtown on the Lewis pike Sunday afternoon to break up a gang of crap shooters who were gathered in a nearby cornfield. The sheriff states that at least twenty men were in the bunch which was composed of both white and colored law breakers.

When the Sheriff was sighted, it is declared that they scattered so fast that the corn for several yards around was smashed to the ground.

Sheriff Hall announces that the party may have their cards, dice and five cents in money if they will call at his office and pay for the corn which was ruined when they made their frantic escape.

BUY MOTOR TRUCKS FOR THE SCHOOLS

Three motor trucks have been purchased by the Bloomingburg village school district for the transportation of the pupils in the surrounding districts. These trucks are the latest in school trucks and easily solve the transportation problem.

In order to receive the trucks for the opening of school they are being driven through from Richmond, Indiana by Robert Pummell, Homer Pummell, and Charles Hester.

AKRON HERCULES FAILS TO BUDGE MATTY MATSUDA

Local Fans Witness One of Best Wrestling Bouts Ever Put on Here.

Fast Black Too Much For "Battling" Gans Who Quits in Fifth Round.

In an hour of fast wrestling that furnished one of the best matches that has taken place in this city, Bull Smith, of Akron, weight 175 pounds failed to throw Matty Matsuda, weight 138, at the Sunnyside ball park Monday night.

In the scheduled ten-round bout between Fast Black and Battling Gans, Gans would not enter the ring for the fifth round.

Smith was a ponderous man but he could do nothing with the crafty Matsuda. The Jap looked like a plucky in the ring beside his opponent but from the start it was clearly seen that the Akron man would never put him to the mat.

Several times Matsuda picked Smith clear of the floor and slammed him to the mat. After the first quarter of an hour of wrestling Smith was on the defensive and worked hard during the remainder of the match in order to keep from being pinned to the mat, and time after time wriggled off the mat to save himself.

Matty worked arm locks and toe holds almost exclusively and Smith showed a great ability to assimilate punishment by refusing to surrender a fall.

Smith made a hit with the fans and it is expected that he will appear here again in the near future.

In the scheduled ten-round bout between Fast Black and Battling Gans, he men stepped lively until the fifth round when Gans failed to enter the ring. Gans had the best of the second round but Black was too fast for him and soon took all the fighting spirit out of Gans with several blows to the stomach.

It is announced that the next show will consist of two or more matches. Tom Hillery probably will appear in one of the bouts. Bull Smith will come back some time in the near future, it is said, for a finish match with Matsuda.

William Brooks of this city capably referred both bouts.

THESE SCHOOLS OPEN SEPT. FIRST

Although it was announced some time ago that the rural and village schools of the county would open the second Monday in September, it has been deemed advisable by a few of the schools to open the first Monday of the month.

Resolutions have been passed by the Wayne Township Board of Education, the Bloomingburg Board of Education and the Jeffersonville Board of Education to open their schools on the first Monday in September, which will be September 1st.

ASHLAND LADY AVERS CHANGE NOW APPARENT

Life Long Resident of City Says She's Better Every way, since Using Trutona.

Ashland, Ky., August 11.—Mrs. Annie McCabe, 59 years old, has spent her life in Ashland and she is known to practically everyone in this city and vicinity. She has the following praise for Trutona, the perfect tonic:

"I have been a sufferer from kidney trouble for the past three years. My stomach has been out of shape, too. I had a poor appetite and was usually constipated. Generally speaking my system was all run down.

"I can see a wonderful improvement in my condition in every way since I began using Trutona. As a laxative, this medicine is the best ever and it has helped me to sleep better at night than I did before. My appetite is improved too. Trutona has made me feel better and stronger in every way and naturally I think it is a wonderful system builder. I can recommend Trutona to anyone suffering as I was."

Trutona is now being introduced and explained in Washington C. H., Christopher's Drug Store.

Hot Weather Chafed Skin

These hot days bring extreme discomfort. Fleishy people especially suffer. Chafing of the limbs causes the skin to become irritated and itched. Get rid of this annoyance at once. Gentle, soothing House-tone-o-nk will do it. The first application gives immediate relief. It soothes and heals the tortured parts, and an occasional light application prevents any recurrence of the chafing.

Unlike all other liniments, House-tone-o-nk (The Original Jones) does not smart, burn or blister, even though the flesh is raw and bleeding. Antiseptic—No danger of infection when House-tone-o-nk is used. Don't be without it. Its continued use for nearly fifty years in thousands of American homes proves it the safest household remedy. A 25c bottle at your drugist lasts for months. Be sure you get the genuine with Dr. Jones' picture on the yellow wrapper. The Dr. J. C. Jones Co., S. Charleston, O.

When you see anything green, think of—

This is the Ginger Ale,
When cooled with ice
It's mighty nice,
This sparkling Ginger Ale.

This is a sprig of mint,
You bruise it nice,
And Squeeze it twice in with the ice
You put in your Ginger Ale.

This is a Ginger Wafer
The tasty ginger wafer
In thirst quench quest
It brings with zest
The delicious ginger-flavor.

NOTEWORTHY DAY AT MT. OLIVE CHURCH

Sunday proved a noteworthy day at Mt. Olive Church, when members gathered in number for the anniversary of the dedication of the beautiful new church.

The church services were conducted with unusual impressiveness and left the imprint of spiritual inspiration upon the gathering.

Rev. Floyd Gale was in charge of the morning's communion service and Rev. Jasson F. Henkle of the afternoon service, which included ordinance of baptism, administered to six.

The noon recess was one of long to be remembered social pleasure, the special feature the basket dinner providing everything to be thought of in the line of delicious eatables. The church basement is conveniently fitted up with tables and chairs and accessories for serving meals and the dinner was doubly enjoyed in the added comfort of being seated around long tables instead of the former picnic fashion.

Throughout the day everything passed off successfully.

STILL SUFFERING FROM SNAKE BITE

James Watts, Pickaway county farmer who, on July 26th was bitten by a rattlesnake, is still unable to use the leg which was bitten, and has been suffering intensely as result of the poison from the fangs of the rattler.

Since Watts was bitten two large rattlers have been killed on the farm where he lives.
